

SANTA BARBARA COUNTY'S MULCH PROGRAM

FREE "LOAD YOUR OWN" or \$15/TON DELIVERED

What is Natural Mulch?

The County of Santa Barbara's 'Natural Mulch' is an ideal mulching product that is manufactured from 100% local recycled materials. Using mulch in your garden saves water and completes the local green waste recycling loop.

What are the Benefits?

- Conserves moisture in the soil
- Moderates soil temperature
- Blocks weed growth
- Reduces erosion
- Improves soil structure and fertility over time

How do I get it?

- Mulch can be obtained for free from a "load your own" pile
- Large amounts can be delivered for as little as \$15/ton* or can be loaded into trucks or trailers for a small fee
 - A dual axle truck/trailer is required for mulch loads at the South Coast Recycling and Transfer Station

Mulch is available at **two locations**:

South Coast Recycling and Transfer Station
4430 Calle Real, Santa Barbara

Santa Ynez Valley Recycling and Transfer Station
4004 Foxen Canyon Road, Los Olivos

**Santa Barbara and Goleta City water customers can receive rebates for delivery.*

How can I help?

Put unwanted yard waste into your green container.

The material is ground and made into mulch.

Mulch is a great ground covering that reduces weed growth and retains water in soil.
