

SANTA BARBARA COUNTY'S MULCH PROGRAM

LOADED, DELIVERED, OR FREE "LOAD YOUR OWN"

What is Natural Mulch?

The County of Santa Barbara's 'Natural Mulch' is an ideal mulching product that is manufactured from 100% local recycled materials. Using mulch in your garden saves water and completes the local green waste recycling loop.

What are the Benefits?

- Conserves moisture in the soil
- Reduces erosion
- Moderates soil temperature
- Blocks weed growth
- Improves soil structure and fertility over time

How do I get it?

- Mulch can be obtained for free from a "load your own" pile
- Mulch can be loaded into trucks/trailers for a minimum of \$30/load
 - A dual axle truck/trailer is required for mulch loads at the South Coast Recycling and Transfer Station
- Large amounts of mulch can be delivered for \$20/ton*
 - Small amounts can be delivered in the South Coast for a flat fee of \$60

Mulch is available at **two locations**:

South Coast Recycling and Transfer Station
4430 Calle Real, Santa Barbara

Santa Ynez Valley Recycling and Transfer Station
4004 Foxen Canyon Road, Los Olivos

**Santa Barbara and Goleta City water customers can receive rebates for delivery.*

How can I help?

Put unwanted yard waste into your green container.

The material is ground and made into mulch.

Mulch is a great ground covering that reduces weed growth and retains water in soil.
