

Disaster Debris Management Resources in Cases of Major Weather Events

SANTA BARBARA COUNTY
Innovative Environmental Solutions

Disaster debris must not contain or be contaminated with hazardous materials. Please see www.LessIsMore.org for hazardous waste disposal options.

To notify the CUPA of a hazardous materials spill or release call (805) 681-4927.

General Debris Removal

Disaster debris can be hauled by a permitted hauler or a licensed contractor, or self-hauled to the facilities to the right. The material should be fully contained in a tarp or plastic. Please take all safety precautions when removing disaster debris.

The following haulers are approved to operate in Santa Barbara County:

- Atlas Industries: (805) 928-8689
- Bedford Enterprises: (805) 922-4977
- Engel & Gray: (805) 925-2771
- MarBorg Industries: (805)963-1852
- Progressive Waste: (805) 564-2654
- R & R Roll-Off: (805) 929-8000
- Valley Roll-Off: (805) 736-8812
- Waste Management: (805) 242-7937

Vehicle Removal

Contact a towing company. If you have problems with removing a vehicle, call (805) 681-4342.

If in-county facilities are not operating, please contact one of the following locations.

Please call ahead to confirm operating hours and if your material is accepted. Special permits may be required.

Simi Valley Landfill

2801 Madera Rd, Simi Valley
(805) 579-7267

Cold Canyon Landfill

2268 Carpenter Canyon Rd, San Luis Obispo
(805) 549-8332

345 Ellwood Canyon Rd, Goleta
(805) 966-3909

MATERIAL EXCHANGE WEBSITE - <http://sbcountymaterialexchange.com>

The County of Santa Barbara maintains a Material Exchange website to serve as a resource for people to post usable natural material (e.g. soil, rocks, boulders) for others to obtain for free. This encourages reuse, limits debris sent to landfills, and helps keep costs down for homeowners.
