

# ORGANIC WASTE COLLECTION

- ▶ All food such as, but not limited to, fruits, vegetables, meat, poultry, seafood, shellfish, bones, rice, beans, pasta, bread, cheese, eggshells, and small amounts of fats, oils, and grease.
- ▶ Wet or food-soiled paper products, such as coffee filters, paper plates, greasy pizza boxes, wet paper towels, and used napkins.
- ▶ BPI Certified Compostable Bags\*

## NOT ACCEPTED

- ▶ Plastic of any kind, including plastic bags.
- ▶ "Compostable" plastics.
- ▶ Wax or plastic lined paper products.
- ▶ Glass, metal, or aluminum.
- ▶ Diapers or pet waste.

*\* With the exception of BPI Certified compostable bags, the facility processing time frame will not break down other types of rigid "compostable" packaging such as bioplastics or compostable plastic like substances.*
